WHITING COMMONS PAD SPACE

400 Lacey Road, Whiting, NJ 08759
OCEAN COUNTY | GLA: 105,000 SF

The entry plaza is sized for gracious outdoor dining display and will be constructed of scored concrete with inlaid granite slab accents. This upscale center also incorporates the ultimate hidden luxury: automatic snow melting embedded in the entry plaza. This will avoid the need for salting or other applied ice melting chemicals, and will prevent customers from tracking those chemicals into your space, as well as maintaining its beauty.
